

EASTERN MICHIGAN UNIVERSITY AVIATION

Soar Like an Eagle with Eastern Michigan University and Eagle Flight Center

- Eastern Michigan University offers a Bachelor of Science in Aviation Flight Technology. It is designed to prepare individuals for a career as a professional pilot.
- The program is run by Eagle Flight Center, located at Willow Run Airport, in Ypsilanti, Michigan, near the Eastern Michigan University campus.
- Classroom instruction is conducted both on campus at Eastern Michigan University and at Eagle Flight Center.
- All flight training is conducted by Eagle Flight Center and will take a person from student pilot to flight instructor.
- In addition to flight courses, the program includes general courses, and specialized aviation business and management courses to ensure a broad educational experience.
- Financial aid is available through Eastern Michigan University.
- Enrollment takes place in the Fall and Winter semesters.
